Executive Board Statement to The Media  
FOR PUBLICATION

The Catholic League is doing what no other schools on Long Island are doing this Fall. We are providing an opportunity for our student-athletes to play interscholastic sports and, at the same time, trying to provide as safe an environment for everyone as possible.

For this reason, there will be no spectators allowed at any contest this Fall until further notice. This rule pertains to all on school and off school facilities.

Thank you in advance for your understanding and cooperation.
